- Postman

### SOFT SKILLS:

- Team Collaboration
- Communication
- Problem-Solving

## EDUCATION

### B. TECH IN INFORMATION TECHNOLOGY

Government College of Engineering.  
Amravati -  
2019 - 2023 CGPA: 7.62

## HOBBIES

- Playing badminton
- Technically Thinking

## OBJECTIVE

Secure a challenging position in a reputable organization where I can apply my technical skills, problem solving abilities and passion for programming to contribute to the development of innovative software solutions.

## EXPERIENCE

### FULL STACK DEVELOPER INTERN | MY RESEARCH ROOM APR 2024 - PRESENT

- Developed and maintained web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) and MySQL.
- Focused on backend development, integrating RESTful APIs and ensuring efficient data management.
- Created complex SQL queries and stored procedures for the CRM system using MySQL.
- Collaborated with the development team to debug and optimize code performance.
- Contributed to front-end development with React.js for UI components as needed.

## PROJECTS

### CERTCHAIN

### [GITHUB LINK](#)

- Develop a digital certificate system using Blockchain technology
- Institutions/companies can create certificates; certificates are open for verification
- Build a full stack web app: React.js, Express.js, Node.js, MongoDB, Restful Ganache, Solidity
- Utilize Blockchain for secure certificate generation and validation

### DEVPOINT

### [GITHUB LINK](#)

- Created a social network targeting developers
- Functionality: Post queries, engage in discussions
- Full stack web app: React.js, Express.js, Node.js, MongoDB

## CERTIFICATIONS

- [Introduction to Front-End Development](#)
- [Programming with JavaScript](#)
- [Version Control](#)

## ACHIEVEMENTS

- Gold badge in problem solving on **HackerRank**.
- Solved **400+** problems on **LeetCode**.
- Secure **3rd rank** in 12th standard from a college.
